Additional Costs:

All international students are required to enroll in a health and accident insurance policy before starting classes. This applies to all students attending the Institute under an F-1. The policy must provide coverage from September 1, 2013 or earlier until August 31, 2014 of the following year, or from the first day of enrollment if it is after September 1. Students who need to purchase insurance should visit www.internationalstudentinsurance.com and choose a plan that meets their needs. This resource is provided as a convenience for students and is not an endorsement of any program.

Proof of such insurance must be furnished to the Student Affairs Office once a year, prior to the first day of class. The Proof of Insurance form should be submitted with a copy of a card or certificate that indicates the dates of coverage (09/01/2013–08/31/2014), the terms of coverage (in English) and coverage amounts listed in U.S. dollars.

Students who fail to provide proof of insurance by the first day of class risk their enrollment and F-1 status.

The Institute suggests minimum policy coverage including:

- Medical Expenses coverage:
  - Lifetime Maximum Benefit—minimum $1,000,000
  - Policy Year Maximum Benefit—minimum $250,000
  - Maximum Benefit per Injury or Sicknesses—minimum $250,000
- Repatriation of Remains coverage
- Medical Evacuation coverage
Supporting Documentation

Depending on your source(s) of funding and whether or not you have a dependent accompanying you to the US, different documents are required to support your Statement of Financial Responsibility. It is important to note that international student employment is heavily restricted by U.S. law and that employment opportunities while studying are limited. Therefore, it is not advisable to rely on employment while studying as a source of income. DigiPen reserves the right to request additional documentation from students who will be transferring funds from countries that impose restrictions on such transfers.

Accepted Documentation:

A. Bank Statement

The bank statement needs to be typed on bank letterhead and signed by a bank official. Self-service printouts are not acceptable. Statements need to be dated within one year of the student's intended enrollment date. The account balance, currency (preferably in USD), and name of the account holder must be included in the statement. If more than one statement from a single bank will be submitted then the account number must also be included. All assets must be liquid or available for immediate withdraw and the bank statement must confirm this explicitly. DigiPen will not accept investments or physical assets that must be sold to obtain funding (such as jewelry, real estate, automobiles, etc.). Tax returns, retirement funds, insurance policies, salary/payroll statements, and loans have not been approved or finalized are also not acceptable.

Statements for students applying to any undergraduate program need to have a minimum balance of US$43,939. Students applying to the graduate MS in Computer Science program need to have a minimum balance of US$32,939. Students applying to the graduate MFA in Digital Arts program need to have a minimum balance of US$44,939. An additional US$14,654 must be added for each dependent accompanying a student to the US.

All statements must be issued in English. In the event that a bank statement cannot be issued in English, an original-language copy that complies with the above requirements and a certified third-party translation must be submitted. Please find more details regarding translation requirements at www.digipen.edu.

B. Affidavit of Support

Individuals providing financial support to students must complete the form on pg. 5 and submit a bank statement(s) to confirm financial capability. Please provide one affidavit and bank statement per sponsor. Sponsors may submit multiple bank statements if necessary (see guideline A).

C. Award Letter

Students receiving financial support from an institution (such as an employer, government, or scholarship-awarding institution) must include an official award letter typed on official institution letterhead. This letter must be signed and dated by an institute official and should include the following: the name of the student, the amount of the award, when funds will be disseminated and in what quantities, and duration of the award. The letter should explicitly confirm that the funds granted can be used in pursuit of the student’s program of choice at DigiPen.

D. Loan Approval Letter

Students who secure a loan to fund their studies must provide an official letter from the financial institution granting the funds. This must be signed and dated by a credit institution official. This letter must confirm that the loan has been approved, the total amount approved, the purposes for which the loan can be used, and when the loan will be dispersed.

E. Proof of Dependent Relationship

Students who plan to bring a dependent (spouse or child) with them to the U.S. must submit certified copies of marriage and/or birth certificates to confirm their relationship(s). A copy of each dependent’s passport must also be provided.
Statement of Financial Responsibility

This form must be filled out and submitted to DigiPen. Students with dependent(s) must also fill out and submit one Dependent Information form (pg. 5) per dependent.
