

DRAGON USAGE GUIDE

“The DigiPen Dragon is courageous, intelligent, innovative, magical, and creative, just like our students.” – Marshall Traverse, Dean of Students

BRANDING » Retaining Brand Distinction

Consistent and proper use of all of DigiPenUSA's logos and icons strengthens recognition for the DigiPenUSA Corporation and its separate entities. Using the dragon icon on any of the other DigiPenUSA initiatives muddies the identities of those brands, and subverts its original goal.

Please do not create hybrid logos by combining different pieces of our existing logos and icons.

GENERAL USAGE NOTES

The Dragon was created as a mascot for the students of the college to rally around. As such, it should be used on materials aimed directly at prospective and current students, as well as alumni. In official circumstances (e.g. letterhead, email signatures, etc.), the DigiPen Logo, not the Dragon, should be used.

Please use the Dragon at your discretion, and email marketing.us@digipen.edu if you have any questions or need clarification. Marketing and Communications will conduct periodic audits to ensure that the dragon is being used in accordance with the guidelines in this usage guide.
