INTRODUCTION

A high-quality, personalized education at DigiPen Institute of Technology is an investment in each student’s future success. We recognize that some students and their families may need assistance to meet some of their college costs. We encourage DigiPen Institute of Technology students to complete the Free Application for Federal Student Aid (FAFSA), which allows us to consider you for financial aid. The role of the Office of Financial Aid is to try to help fill the gap that exists between the cost of attendance and funds available from your family.

While we try to meet as much of your financial need as possible, funding is limited. In order to receive maximum consideration of your funding needs, you must meet important timelines and follow procedures.

This handbook is designed to provide you with information on the financial aid application process, what types of aid are available, the terms and conditions of the aid, and common questions students and families have related to financial aid at different stages of the process. More information can be found on the financial aid website (listed below) or by contacting the Office of Financial Aid directly.

If you have questions after you have read this handbook, contact the Office of Financial Aid.

FINANCIAL AID ELIGIBILITY

All current and prospective DigiPen Institute of Technology students are encouraged to apply for financial aid by completing a FAFSA at fafsa.gov. The FAFSA is required for many forms of financial aid, including some federal, state and some institutional forms of aid. File a FAFSA every year to be considered for all available aid.

General eligibility requirements for financial aid are listed below. Not all of these requirements apply to all forms of financial aid.

- Be regularly admitted to DigiPen.
- Have a high school diploma or GED certificate.
- Be a U.S. citizen or an eligible non-citizen as defined by the Department of Education.
- Demonstrate financial need for some types of aid.
- Not owe a refund on or be in default on any Title IV or HEA grant or loan.
- Be making satisfactory academic progress toward a degree.
- Be registered with the Selective Service, if required to do so by law.
- For many types of aid, students must be enrolled full-time (12 credits undergraduate and 9 credits graduate\(^1\)); some forms of aid are available to students enrolled less than full time.
- For federal student loan eligibility, be enrolled at least halftime.
- For Washington State Aid, be a Washington resident.

Eligibility differs based on the type of aid and criteria set by the funding source. Eligibility criteria may include merit, financial need, unique student characteristics, or a combination of these criteria. See Types of Aid for specific eligibility criteria.

Financial aid is intended to pay for courses that are required to complete your declared degree(s), major(s) and/or minor(s). If you are planning to take courses that do not directly fulfill an academic requirement, contact the Office of Financial Aid to determine how aid may be affected.

\(^1\) Audited courses, courses not taken for credit, and courses outside of a student’s program are not included when determining enrollment status.
COST OF ATTENDANCE

The Cost of Attendance (COA) is a standardized set of budgets used as a basis for determining maximum aid eligibility. The COA generally includes tuition, fees, room and board, books and supplies, transportation expenses, and personal expenses. The COA can vary based on program of study, living arrangements while in school, and a wide variety of other factors. On a case by case basis, COA can also be increased to include expenses such as child care, insurance, computer purchase and additional fees. To request a COA increase, request a “Cost of Attendance Appeal” form from the Office of Financial Aid.

INSTITUTIONAL CHARGES

The following are prices for the 2019-20 academic year. Your cost of attendance may include these prices as well as out-of-pocket expenses, such as books, transportation, personal expenses and off-campus housing. You can see your individual cost of attendance in SRS.

EXPECTED FAMILY CONTRIBUTION

The Expected Family Contribution (EFC) is the number used to determine your eligibility for need-based financial aid. This is determined based on the information you provide on the FAFSA. The EFC is calculated using the federal methodology formula which is approved by Congress. The formula takes several factors into consideration, including:

- Dependency status
- Family size
- Number of family members in college
- Student and parent/spouse income
- Student and parent/spouse assets

The EFC is not the amount of money that you or your family must provide. Rather, the EFC is an index that schools use to determine your eligibility for federal, state, and institutional aid.

FINANCIAL NEED

Financial need is determined by the following formula:

\[
\text{Cost of Attendance} - \text{Expected Family Contribution} = \text{Financial Need}
\]

\[
(COA) - (EFC) = (Need)
\]

The Office of Financial Aid will use the results of this formula to create an award package for you with different types of available aid, including grants, scholarships, federal work-study, and subsidized loans. However, because funding is limited, your entire financial need may not be met. The remainder of your financial aid package can be filled with other types of loans or scholarships from outside organizations. You can see your individual need calculation in SRS.
Verification is a review process in which the Office of Financial Aid ensures the accuracy of the information on the student’s FAFSA. During the verification process the student and family/spouse will be required to submit documentation for the amounts listed (or not listed) on the FAFSA.

If there is an asterisk next to the EFC figure on your Student Aid Report (SAR), then you have been selected for verification. You may also be selected for verification by DigiPen Institute of Technology. You will be notified by DigiPen if you are selected for verification.

The following documentation may be required as part of verification:

- Verification Worksheet – available on the Financial Aid Website.
- Student (and spouse, if applicable) tax documentation – fulfilled by either returning to the FAFSA and completing the IRS Data Retrieval Process or by submitting a copy of your tax return transcript obtained at www.irs.gov/transcript
- Parent (if applicable) tax documentation – fulfilled by either returning to the FAFSA and completing the IRS Data Retrieval Process or by submitting a copy of your tax return transcript, obtained at www.irs.gov/transcript
- Additional documents, as necessary

The Office of Financial Aid will inform you via email of what forms and documents are required. Please submit only what is requested of you.

If any discrepancies are uncovered during verification, the Office of Financial Aid may require additional information for clarification. Such discrepancies may cause your final financial aid package to change from the initial offer.

If you choose not to submit the required documentation, you will no longer be eligible for federal or state aid.

Verification concerns applicants for most Federal Student Aid programs but is not required if the student will only receive a Parent or Graduate PLUS loan or Direct Unsubsidized loan because these loans are not based on need. However, a student cannot avoid verification by choosing to borrow a Direct Unsubsidized loan if he or she is eligible for a Direct Subsidized loan.

DEADLINES
You must submit complete verification documents one month before your last date of enrollment for the 2019-20 year to receive aid for the year. Documents received after these deadlines may not be processed.

Fall 2019
If you will no longer be enrolled after the Fall 2019 semester, completed verification documents must be received no later than 1 month before the end of the semester.

Spring 2020
If you will no longer be enrolled after the Spring 2020 semester, completed verification documents must be received no later than 1 month before the end of the semester.
Summer 2020
If you will no longer be enrolled after Summer 2020 semester, completed verification documents must be received no later than 1 month before the end of the semester.
PROFESSIONAL JUDGEMENT

We recognize that the FAFSA may not always portray an accurate picture of your financial situation. Although considerations for specific situations are limited, we may be able to give additional consideration as described below. If you believe you have a special circumstance, please contact the Office of Financial Aid and request a “Professional Judgement Form.”

EXAMPLES OF CIRCUMSTANCES CONSIDERED

- Unusual cost of attendance components over and above the normal COA such as health insurance, child care, disability related expenses, etc.
- Catastrophic medical/dental care expenses
- Loss or reduction of income (layoff, illness, forced reduction of hours, temporary employment, etc.) or benefits (unemployment, disability, social security, child support, alimony, etc.)
- Non-reoccurring payments received
- Death, divorce, separation

EXAMPLES OF CIRCUMSTANCES NOT CONSIDERED

- Increase of standard living expenses
- Purchasing material items such as a car, home appliances, vacations, second homes
- Reduction of assets
- Credit issues, line of credit changes, previous student loan debt, etc.
- Siblings or parents who are also attending college. Siblings are already taken into account on the FAFSA.

Decisions are final and will be communicated directly to the student. Any additional funding awarded is only available for the academic year for which the special circumstance is approved. Special circumstances must be reviewed annually. Please do not submit documents unless instructed by our office.

You will be notified of all changes made throughout the process. Aid may be increased, remain the same, or be decreased as a result of this process. Additional aid is not guaranteed.
TYPES OF AID

Financial aid includes any scholarship, grant, loan, or employment that helps students whose personal and family resources cannot meet the full cost of attending DigiPen Institute of Technology. PRIVATE EDUCATION LOANS
Private Education Loans, also known as Alternative Education Loans, help bridge the gap between the actual cost of your education and Federal loan limits. Eligibility for private student loans often depends on your credit score and usually requires a co-signer. More information can be found on the financial aid website at https://www.digipen.edu/admissions/financial-aid/types-of-financial-aid/loans. Application procedures and qualification criteria vary by lender. The private loan process from applying for the loan to funds arriving at DigiPen may take several weeks. Students should start the process early to ensure funds are available at the start of each semester. We encourage students to consider Direct Subsidized and Unsubsidized loans first, as they generally have lower fixed interest rates and more flexible repayment options. Additionally, federal student loans offer deferment options and income based repayment plans.

DIRECT TO CONSUMER LOANS (DTC LOAN)
Direct to consumer loans are education loans that are sent directly to the student and/or parent. We strongly advise against this type of loan. You are required to inform the Office of Financial Aid if you
have received this type of loan as it must be included in your overall aid package. Securing a DTC loan without consulting with the Office of Financial Aid could jeopardize other aid in your award package, including scholarships, grants, and loans with better terms.

FEDERAL WORK-STUDY/STUDENT EMPLOYMENT
Student employment provides students with the opportunity to work while enrolled in classes. Federal Work-Study (FWS) funds are limited and are awarded based on need. However, a FWS award is not required to work on campus. Student employment earnings cannot be directly applied to student account charges. Instead, students will receive a paycheck according to the hours worked submitted via an electronic timesheet; these funds should not be included in your calculations for covering billable charges. Students are responsible for applying and interviewing for student employment jobs.

FEDERAL WORK-STUDY APPLICATION PROCEDURES
To be considered for Federal Work-Study, students must:

- File a FAFSA; and
- Complete verification, if selected.

SELECTION CRITERIA
To qualify for Federal Work-Study, students must:

- Meet all eligibility requirements to receive Title IV Aid;
- Be an undergraduate or graduate student enrolled at least half time (6 credits undergraduate; 5 credits graduate); and
- Demonstrate financial need.

AWARD AMOUNTS
- Award amounts vary and are subject to available funds.

CRITERIA FOR RENEWAL
To be eligible for renewal, students must:

- File a FAFSA in a subsequent aid year;
- Continue to demonstrate financial need;
- Meet all components of the Financial Aid Satisfactory Academic Progress policy each term; and
- Continue to meet all other eligibility requirements.

ON-CAMPUS JOBS
There are many types of jobs available to students who choose to work on campus. DigiPen pays student employees at least Washington state minimum wage.
An institutional financial aid professional is expected to always maintain exemplary standards of professional conduct in all aspects of carrying out his or her responsibilities, specifically including all dealings with any entities involved in any manner in student financial aid, regardless of whether such entities are involved in a government sponsored, subsidized, or regulated activity. In doing so, a financial aid professional should:

1. Refrain from taking any action for his or her personal benefit.
2. Refrain from taking any action he or she believes is contrary to law, regulation, or the best interests of the students and parents he or she serves.
3. Ensure that the information he or she provides is accurate, unbiased, and does not reflect any preference arising from actual or potential personal gain.
4. Be objective in making decisions and advising his or her institution regarding relationships with any entity involved in any aspect of student financial aid.
5. Refrain from soliciting or accepting anything of other than nominal value from any entity (other than an institution of higher education or a governmental entity such as the U.S. Department of Education) involved in the making, holding, consolidating or processing of any student loans, including anything of value (including reimbursement of expenses) for serving on an advisory body or as part of a training activity of or sponsored by any such entity.
6. Disclose to his or her institution, in such manner as his or her institution may prescribe, any involvement with or interest in any entity involved in any aspect of student financial aid.
7. Refrain from directing borrowers to particular lenders, or refusing or delaying loan certifications.
8. Refrain from offering funds for private loans.
9. Refrain from participating in contracting arrangements providing financial benefit from any lender or affiliate of a lender.
10. Refrain from having a call center or providing financial aid staffing assistance. Refrain from having any type of consulting arrangement or contract to provide services to or on behalf of a lender relating to education loans; and
11. Refrain from receiving compensation for service on an advisory board, commission, or group established by lenders or guarantors, except for reimbursement for reasonable expenses.
12. Refrain from receiving gifts from a lender, guaranty agency, or loan servicer.
13. Ban on revenue-sharing arrangements with any lender,
14. Ban on steering borrowers to particular lenders or delaying loan certifications, and
15. Ban on offers of funds for private loans to students in exchange for providing concessions or promises to the lender for a specific number of FSA loans, a specified loan volume, or a preferred lender arrangement.
COMMUNICATION WITH STUDENTS

All correspondence from the Office of Financial Aid will be sent to the student. If the parent or spouse of a student wants to receive information about a student’s financial aid package, it is the student’s responsibility to forward that information to the appropriate party.

For new students who do not have access to the DigiPen network and a DigiPen e-mail account, the office communicates via the email listed on the FAFSA (when available) or provided on the admissions application, and the U.S. Postal Service. For students who have network access and a DigiPen e-mail account, the office communicates via e-mail notifications and SRS. It is important for students to check their DigiPen e-mail account regularly—even over breaks—to be sure they receive correspondence from the Office of Financial Aid.

All paper letters will be mailed to the permanent address in DigiPen’s database for the student. It is important for you to update your address with the Registrar’s Office to ensure correspondence is sent to the correct address.

FERPA

The Federal Educational Rights and Privacy Act (FERPA) limits the information DigiPen can release without the student’s permission. The student is the only person we can discuss financial information with unless we are given written authorization to speak to a specific person (for example, a parent or spouse). If you would like the Office of Financial Aid to be able to speak with another individual regarding your file, please set up a FERPA release in SRS. Setting up FERPA release will give your parent, legal guardian, spouse, coach, etc. the ability to call and gain specific information regarding your student account.
**IMPORTANT DEADLINES**

DigiPen Institute of Technology has a priority filing deadline for scholarship and aid consideration. For maximum possible consideration, we must receive the FAFSA by February 1st each year. File early to meet the priority deadline. If you miss the February 1st priority filing deadline you will still be considered for financial aid. However, some types of aid have limited funds that are depleted after the first priority group is awarded.

**PROCESSING TIME**

It takes two to four weeks to process your financial aid application. The timeline for processing applications can be faster or slower depending on the time of year. If a fully completed FAFSA is received by February 1st, new students should receive an award offer prior to the May 1 decision deadline for new students. Aid applications received after February 1st are not guaranteed to be processed prior to the May 1 decision deadline.

The Office of Financial Aid will attempt to process as many applications as possible to assist students in receiving their financial aid prior to the beginning of any academic semester, but cannot guarantee when funds will be received. If financial aid funds of any kind have not been received and credited to a student’s account for any reason, resulting in a student’s account not being paid in full, the student must...
work with the Accounting Office to determine available options to avoid being assessed a late fee for non-payment.
PAYING YOUR BILL

FINANCIAL AID DISBURSEMENTS

Financial aid is disbursed directly to your Student Account. If all required paperwork is submitted and processed by the published deadlines, financial aid is disbursed based on the schedule below:

Funds unavailable for disbursement on these dates are disbursed on a rolling basis as they become available or as the student meets the requirements for the funds. Financial aid proceeds go to pay the balance on your student account first. Any excess proceeds are issued in a credit balance refund.

CREDIT BALANCE REFUNDS

If your financial aid exceeds the charges on your student account, you may receive a refund. Refunds will not be issued before your first day of classes. Additional information can be found on the Accounting Website.
SATISFACTORY ACADEMIC PROGRESS

Federal regulations require that students make Satisfactory Academic Progress toward completing their degree to receive federal financial aid. This policy defines Satisfactory Academic Progress (SAP), the process by which financial aid is revoked for failure to make SAP, and the process by which students may appeal SAP decisions. This policy applies to all students at DigiPen Institute of Technology.

WHAT IS SATISFACTORY ACADEMIC PROGRESS?
DigiPen Institute of Technology is required to monitor the academic progress of all students. This is to ensure that students are making progress toward a degree. To make SAP, students must: 1. Meet a minimum GPA requirement, AND 2. Satisfactorily complete a minimum number of credits, AND 3. Complete their degree programs within a maximum timeframe and complete the necessary amount of credits attempted to remain on pace to graduate within the maximum timeframe. If a student fails to meet any one of these standards, he or she will be classified as not making Satisfactory Academic Progress.

WHAT ARE THE MINIMUM REQUIREMENTS TO MAINTAIN SAP?
All students are required to maintain the following minimum standards.

GPA REQUIREMENTS – UNDERGRADUATE
Undergraduate students are expected to maintain a minimum 2.0 cumulative GPA. All students should be aware that some scholarships and grants may require recipients to maintain a specific GPA to remain eligible, which may be higher than the SAP standard.

GPA REQUIREMENTS – GRADUATE
Graduate students are expected to maintain a minimum of a 3.0 cumulative GPA. Any graduate student failing to maintain a 3.0 cumulative GPA will be classified as not making SAP.

All students should be aware that some scholarships and grants may require recipients to maintain a specific GPA to remain eligible for that particular funding, which may be higher than the SAP standard.

PACE REQUIREMENTS
Students must complete their degree within 150% of the maximum number of credits required for the degree as posted in the DigiPen Course Catalog. This maximum number of credits determines the pace at which a student must complete credits in order to graduate within the maximum time frame. Undergraduate students must satisfactorily complete 67% of the credits attempted. Graduate students must satisfactorily complete 50% of the credits attempted. Pace is determined by the following formula:

\[
\text{Pace} \% = \left( \frac{\text{Cumulative credits earned}}{\text{Cumulative credits attempted}} \right) \times 100
\]

14 GPA will be calculated according to the process described in DigiPen Institute of Technology Course Catalog. An undergraduate student taking all Pass/No Pass courses in a semester will not receive a GPA for that semester. In order to meet the minimum GPA requirement, a student will be expected to pass all credits attempted in order to successfully meet SAP standards.
Cumulative Credits Earned and Cumulative Credits Attempted include accepted transfer credits.

HOW OFTEN IS SAP REVIEWED?
The Office of Financial Aid will review your progress at the end of each semester to determine whether you have met the minimum GPA, Credit Hour, and Pace standards. Failure to meet all of these standards will result in warning or termination (described below).

WHAT IS FINANCIAL AID WARNING AND WHEN DOES IT OCCUR?
Financial aid warning is the result of a student either falling below the minimum cumulative GPA requirement, and/or failing to complete the minimum number of credits required by his or her enrollment status, and/or failing to complete the minimum number of credits to remain on pace to graduate within the maximum time frame. While on financial aid warning, the student may still receive financial aid. Students on financial aid warning who successfully meet all SAP standards in the next semester of enrollment will be placed back in good standing.

WHAT IS FINANCIAL AID TERMINATION AND WHEN DOES IT OCCUR?
Financial aid termination occurs when a student who is currently on financial aid warning fails to meet the defined satisfactory progress requirements for a second consecutive semester. Financial aid is terminated, including all federal, state, and institutional aid.

CAN A STUDENT APPEAL FINANCIAL AID TERMINATION?
Students placed on financial aid termination status have the right to appeal their status. The opportunity to appeal is available to those with extenuating circumstances. Extenuating circumstances are those events that are beyond the student’s control (i.e. serious injury, illness or mental health condition, death of an immediate family member, etc.). An appeal should be submitted within two weeks of the date of notice of Financial Aid Termination.

To appeal financial aid termination a student must submit a written petition to the Financial Aid Appeal Committee. The petition should include:

1. A detailed description of the extenuating circumstance that includes:
   a. Documentation of circumstance
   b. The manner by which the deficiency will be resolved
   c. Signature and current contact information
2. An academic plan reviewed by your Student Success Advisor
3. Documentation supporting the basis for your appeal and steps you have taken to resolve your circumstances.

Appeals without supporting documentation will not be considered.

FINANCIAL AID PROBATION
Students who were on federal financial aid warning in the prior term and who successfully appeal their financial aid termination to follow an academic plan are given the status of federal financial aid probation for their next term of enrollment. Students on federal financial aid probation may continue to receive federal financial aid for the federal financial aid probation term. If they successfully meet the requirements of their probation term, they will be placed back in good standing. If they do not
successfully meet the terms of their probation term, then they will immediately go back to financial aid termination.

REGAINING ELIGIBILITY
A student who was placed of Financial Aid Termination and chose not to appeal, or submitted an appeal and was denied will continue to be ineligible for aid until SAP is met. If the student has resolved SAP deficiencies, the Financial Aid Office should be contacted to request a SAP evaluation to regain eligibility.
WITHDRAWALS

A withdrawal occurs when a student decides to drop all of his or her classes and leave DigiPen, either temporarily or permanently. The withdrawal process begins with the Registrar’s Office; they will provide you with the appropriate paperwork. There are some financial consequences to withdrawing outlined below. If you are unsure of how withdrawing from DigiPen will affect you financially, contact the Office of Financial Aid prior to withdrawing, when possible.

DEFINITION OF WITHDRAWAL

Official Withdrawal – A withdrawal is considered official if the student completes all required withdrawal procedures.

Unofficial Withdrawal – A withdrawal is considered unofficial if the student quits attending or in any way participating in all courses before the end of the term and does not complete all required withdrawal procedures.

CATEGORIES OF UNOFFICIAL WITHDRAWAL

If DigiPen determines that a student did not begin the withdrawal process or otherwise notify DigiPen of the intent to withdraw due to illness, accident, grievous personal loss, or other circumstances beyond the student’s control, the withdrawal date is the date DigiPen determines is related to that circumstance. If a student stops attending for 14 consecutive days, the Registrar’s Office will reach out the student to try and determine why they are not attending.

PROCEDURE FOR DETERMINING WITHDRAWAL DATE

Official Withdrawal – For purposes of the Return of Title IV Aid Formula, the withdrawal date will be the last date of attendance in any class. Students who are enrolled but not attending will have their financial aid cancelled.
INSTITUTIONAL REFUND POLICY

Refunds are calculated from the date the Registrar’s Office receives a completed withdrawal application. You need to complete the appropriate paperwork by the deadlines specified to be eligible for a refund. The institutional refund policy applies if you are doing a full withdrawal only. If you are doing a partial withdrawal, contact the Accounting Office for further information. For the 2019-2020 academic year, the refund policy is as follows:

<table>
<thead>
<tr>
<th>Semester</th>
<th>100% Refund</th>
<th>50% Refund</th>
<th>Not refund eligible</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall 2019</td>
<td>9/9/2019</td>
<td>10/2/2019</td>
<td>After 10/2/2019</td>
</tr>
</tbody>
</table>

Except for the registration fee, all other assessed fees are refunded on the same schedule as tuition payments.
FEDERAL RETURN OF TITLE IV FUNDS POLICY

Financial aid funds are awarded to a student under the assumption that the student will attend DigiPen Institute of Technology for the entire term. If the student officially or unofficially withdraws from DigiPen during the term, the student is required to return the unearned part of the funds which were received to help pay educational expenses for the term. Liability for return of Federal Title IV funds will be determined according to the following guidelines:

- All federal aid is considered earned if the student remains enrolled and attends at least one class such that he or she completes at least 60% of the term in which federal aid is received, and the student was eligible for the federal aid at the time the aid was applied to the account.
- A pro-rated portion of the federal aid received must be returned according to the Return of Title IV Funds Formula if the student officially or unofficially withdraws from DigiPen before completing 60% of the term.

If a student did not receive all of the funds that they earned prior to withdrawal, the student may be due a post-withdrawal disbursement. If the post-withdrawal disbursement includes loan funds, the school must get the student’s permission prior to disbursement. The student can choose to decline these loan funds to reduce unnecessary debt. The school may automatically use part or all of the post-withdrawal disbursement of grant funds to pay tuition, fees, and room and board charges. The school needs the student’s permission to use post-withdrawal disbursement funds to pay any other school charges.

Some Title IV funds that were scheduled for disbursement may not be available as a post-withdrawal disbursement because of other eligibility requirements. The requirements for Title IV program funds are separate from the institution’s refund policy. The student may still owe funds to DigiPen to cover unpaid institutional charges.

Funds have to be returned within 45 days of date of determination that a student withdrew. DigiPen Institute of Technology will return Title IV funds in the following order:

1. Unsubsidized Direct Student loans
2. Subsidized Direct Student loans
3. Direct PLUS loans
4. Federal Pell Grants
5. Federal SEOG
6. Federal TEACH Grants
7. Iraq and Afghanistan Service Grant

RETURN OF STATE FINANCIAL AID

State grant recipients, who withdraw from DigiPen, are expelled, or otherwise complete zero credits in any given term, must repay the Washington College Grant (WCG) and College Bound Scholarship (CBS) on a prorated basis. All funds, whether disbursed to the student account or directly to the student, shall be included in the repayment calculation. If the last date of attendance is prior to or at 50 percent of the term, the state grant repayment will be based on the percentage of the term not completed. If the last date of attendance occurs after the 50 percent point of the term, the state grant award is considered 100 percent earned and no repayment is due.
RETURN OF INSTITUTIONAL FINANCIAL AID
All institutional aid is considered earned if the student remains enrolled and attends at least one class such that he or she completes attendance through the end of the institutional refund period (see Institutional Refund Policy) of the term in which institutional aid is received, and the student was eligible for the institutional aid at the time the aid was applied to the account.

RETURN OF FUNDING FROM OUTSIDE SOURCES
When a student who has received funding from an outside source (such as a scholarship organization) withdraws from DigiPen, return of those funds is subject to the guidelines of the organization. In some cases, all outside funds may need to be returned to the organization.

RETURN OF FUNDING FROM PRIVATE LOANS
When a student who has received funding from a private loan withdraws from DigiPen, DigiPen Institute of Technology will return any private loan funding not required to pay remaining institutional charges after all other adjustments have been made.
SPECIAL PROGRAMS/POPULATIONS
The Office of Financial Aid manages several special assistance programs. The Office of Financial Aid does not select recipients but does process awarded funds for these programs.

VA TUITION BENEFITS
Institutional scholarships may be reevaluated for students receiving VA tuition benefits. For more information on how VA Tuition Benefits may affect your financial aid, contact the Veteran’s Certifying Official at veteranbenefits@digipen.edu.

Please refer to DigiPen Institute of Technology VA Benefits Handbook with further questions.
